

OLVE'True™ Macadamia

October 2025

OLVE'True™ Macadamia

- Macadamia nut is a **traditional product** of Kenya
- **Kenya** is one the **greatest place in the world for Madacamia nuts**:
 - **Water friendly**: rain-fed macadamia
 - **Resources friendly**: up-cycling (discarded nuts)
- Capitalizing on OLVEA's « **Sourcing you can trust** » **business model** with the **creation of our new subsidiary in Kenya**
- **Rare fatty acid profile** (high amount of palmitoleic acid which is found in children's sebum) **suitable for sensitive skin**
- **Low odor** and **color oil** with a **very nice sensory feeling** on skin

→ OLVE'True™ Macadamia oil from OLVEA Kenya

HYDRA SOFT LOTION PREP & PLAY

Phase	Commercial name	INCI NAME	%
A	Eumulgin SG	sodium stearoyl glutamate	1,00%
	Cutina GMS V	glyceryl stearate	0,50%
	Lanette 16	cetyl alcohol	1,00%
	Lipocire A SG	C10-18 triglycerides	2,00%
	OLVE'True Macadamia	Macadamia Integrifolia seed oil	6,00%
B	eau demineralisee	aqua	82,05%
	GREENDIOL	2,3-BUTANEDIOL, aqua	2,00%
	Xanthan gum FNCSP-PC	xanthan gum, aqua	0,60%
C	demineralized water	aqua	3,00%
	Microcare NB	sodium benzoate	0,45%
D	Dermosoft 700B	levulinic acid, sodium levulinate, glycerin, aqua	1,00%
	Tocomix L 70-IP organic CO	tocopherol, helianthus annuus seed oil	0,10%
	Cos 30921 Poppy	parfum, limonene, linalool, citronellol	0,30%
TOTAL			100,00%

Procedure:

Heat phase A at 75°C under stirring.

B: Start stirring and begin heating. At 50°C, add the premix greendiol + xanthan. Continue stirring until a homogeneous. Heat to 75°C.

At 75°C, under vigorous stirring, pour phase A into phase B and maintain vigorous stirring while starting the cooling process.

C: Premix and add to the emulsion at 30°C.

D: Add every ingredient one by one. Adjust pH ≈ 5 if necessary.
